o420 remand HW 9/27/84

On 7/1/70 the FBI replied to Kleindienst's 6/22/70 forwarding my FOIA request of 6/19/70. Typically, the record file is "subvessive" 100. On page 2 the FBI refers to my Ferrie request, which is quite relevant in 0420 and the existing records withheld and/or not on the search slips.

I do not have my request before me but I am reasonably certain that I stated that all the FBI's information was not provided to the Warren Commission. In copying I put a paperclip in the margin for you.

So much also for my allegedly expanding my requests in the lawsuit.
